R9:   *2 SC in 1st stitch, 1 SC in next 2* Repeat * to * 5 times (24)
Fasten off and weave in end for gluing or leave long tail for sewing. Attach
to the square section of the Front Band Plate. Hot glue a medium red jewel
in center, pushing it down toward the surface of the Beanie to make the Grey area cup.
Note: Some testers had to use a smaller hook for this piece to make it fit properly onto
the white plate. The Grey area will stick out from the beanie with the red gem sitting in the bottom of the cup.

DIVIDERS

Following the instructions on the linked video or visual
tutorial, SURFACE SLIP STITCH to create the white dividers
(vertical lines) along the large blue stripe that's located
toward the bottom of the beanie. See the diagram and
photos for visual assistance. Working in a counterclockwise
direction, place the first vertical strip even with the outer
edge of the left side of the blue eye plate
Count over 25 Stitches and SSS
Count over 5 Stitches and SSS
Count over 3 Stitches and SSS,
Count over 7 and SSS,
Count over 8 Stitches and SSS
Count over 8 stitches and SSS
Count over 5 stitches and do the final SSS. Counting over 3
more stitches should take you to the first divider.
Note: Keep in mind this assumes a 64-stitch beanie. If you
had to adjust stitches to achieve correct beanie size, you will need to adjust count for the dividers.

SMALL COMPUTER CHIPS

Hot glue 4 small light blue jewels to the Large Blue Block (see red arrow below).

Hot glue larger red or light blue jewel to oblong portion of the Band (see red arrow below).
